

Engineering Studies Bridging Course

**Don't let setbacks define your future,
We have a game-changing solution just for you.**

Have you completed Grade 12 and dreaming of a rewarding career in Mechanical, Electrical or Civil Engineering but struggling with Mathematics, Physical Science, and other engineering-related subjects?

Our college is introducing an exclusive Bridging Course, tailored to enhance your academic results and pave the way for a successful engineering journey.

Master the Essential Bridging Subjects!

The Bridging Course focuses on three fundamental subjects: Mathematics, Engineering Science, and Engineering Drawing. These subjects will equip you with the necessary knowledge and skills to excel in your chosen engineering programme.

After completing this Bridging Course, you will be eligible to enrol for N4 in any of the engineering programmes mentioned above. A National N Diploma (M+3) qualification will be awarded to students who have completed their N4-N6 in Engineering field and have completed a relevant 24 months in-service training with the organization of their choice.

The Bridging Course is offered in Durban Campus, Umlazi-V Campus, Swinton Campus and Appelsbosch Campus

To apply visit www.coastalkzn.co.za, click Apply Here button & follow the steps.
Online Applications are open from 11 March to 31 March 2024 for the second trimester intake.
